

## NATURE ELEMENTS

The extraordinary skincare products of **NATURE ELEMENTS** were developed on the basis of natural ingredients. Botanical key ingredients embedded in delicate textures with thermal spring water from Baden-Baden impart natural beauty – day by day: The perfect skincare in harmony with nature.

## ANTI AGE

**One Apple a Day** is a very precious skincare with thermal spring water from Baden-Baden. When aging, skin loses elasticity – this is where the apple stem cell extract starts to work: It protects skin stem cells against harmful influences from outside maintaining their activity and function and providing for a youthful look at any age.

## ANTI AGE

**Caviar • Fishing for Compliments** contains noble caviar extract which is a luxurious treat for demanding skin. It stimulates the skin cell metabolism and its microcirculation. Lines and wrinkles are diminished leaving skin looking radiantly fresh and firmed.

## ANTI AGE

The **Time of my Life** skincare is optimally suited for skin with diminishing resilience and firmness. Besides thermal spring water from Baden-Baden, it contains among others precious hibiscus seed extract as well as Aquarich® which help to reduce the signs of natural skin aging and to improve skin's moisture balance. With regular use, this skincare line pampers, strengthens and protects skin.

## ANTI AGE

**Special Active** is the vitamin skincare line for demanding, dry and very lipid-deficient skin. Scientific tests have shown that valuable skin protection vitamins visibly counter fine lines and wrinkles and their development. Skin's natural regeneration is stimulated while protecting it against harmful environmental influences and free radicals.

## ANTI AGE REPAIR

The powerful Serum **Kissed by a Rose** with stem cell extract of the alpine rose, Repair Complex and a peptide complex efficiently acts against UV stress and premature, light-induced skin aging. The anti-wrinkle & UV-Repair Serum with thermal spring water from Baden-Baden improves skin's repair functions, protects skin cells and compensates fine lines and wrinkles.

## AT A GLANCE OUR SKINCARE PRODUCTS

The secret of beautiful skin is the excellent skincare from SANS SOUCIS: First-class quality and optimal skin tolerance characterize all products. The combination of highly efficient power-

ful ingredients of natural origin and the thermal spring water from Baden-Baden impart natural beauty to skin – day by day!

## POWERFUL INGREDIENTS FROM NATURE AND THERMAL SPRING WATER FROM BADEN-BADEN

THERMAL WATER FROM BADEN-BADEN CONTAINS MANY MINERALS AND TRACE ELEMENTS AND ENSURES THE WELL BEING OF SKIN.

**Sodium & Potassium** regulate the water balance  
**Magnesium** supports many biochemical processes of the body  
**Iron** is important for the cell functions  
**Manganese** strengthens skin's protective barrier  
**Sylcic acid** firms skin  
**Chloride** improve skin's protective acid mantle  
**Fluorides** are valuable for the strengthening of skin

## CLEANSING

The perfect cleansing with the **CLEANSING** products and incorporated **RefreshCare Complex\*** provides for a radiant skin. Whether Cleansing Milk, Cleansing Foam, Gentle Toner, Facial Peeling or Eye Make-up Remover pads: Impurities and make-up are removed from skin so as to perfectly prepare it for the corresponding skincare.

\*Combination of the ingredients cornflower extract and D-Panthenol

## AQUA CLEAR SKIN

The rescue for impure skin: **AQUA CLEAR SKIN** clarifies skin with antibacterial ingredients and sustainably protects it against impurities and inflammations. The skincare line normalizes excessive sebum production leaving a pure and clear look. In addition, skin is supplied with sufficient moisture.

## MOISTURE

**Deep Moist Depot** provides for optimal moisture and perfectly protects against harmful environmental influences. The alga extract imparts moisture and hyaluronic acid helps to bind it. Vitamin E-acetate is a radical scavenger and increases skin's ability to bind moisture.

## MOISTURE

**Aqua Benefits** is the ultimate freshness kick for skin: The all-round moisture skincare line with mineral-rich thermal spring water from Baden-Baden diminishes dryness lines leaving the complexion looking refreshed and smoother. It hydrates skin intensively and helps to bind moisture for a long time.

## SENSITIVE

The **SENSITIVE** skincare line offers an excellent protection for the sensitive skin: The delicate skincare with natural herbal extracts from hops, melissa and elderberry and mineral-rich thermal spring water from Baden-Baden is ideally suited for extremely dry and sensitive skin. The pampering textures calm skin and provide for a balanced lipid and moisture level: **SENSITIVE** is a source of well-being for your skin.

## NATURE MED

**NATURE MED Sensitive** is the gentle skincare line with ingredients which perfectly calm and reactivate its natural functions. SANS SOUCIS guarantees utmost skin tolerance of this **NATURE MED** skincare line for the very sensitive skin prone to neurodermatitis (in episode-free days) or skin tending to inflammation due to the "skin-similar" **DMS\*** system of ingredients.

\*DMS = DERMA MEMBRAN STRUCTURE is similar to the components and structure of skin's protective barrier.
